RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

5% off for cash before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

5 to 25 of one variety and size will be furnished at the 10 rate, 25 to 250 at the 100 rate; 250 or more at the 1000 rate.

TRUEHEDGE COLUMNBERRY

A proved success

THE PLANT OF THE FUTURE

Brought out during the Nurserymen's Convention in New York, July, 1934, Truehedge Columnberry has already become the greatest plant introduction in more than a decade. So far over 180,000 plants have been sold.

DEMAND has been created; every customer expresses SATISFACTION; RESULTS have surpassed all expectations,

Substantially lower prices for this season coupled with build up in advertising will greatly increase DEMAND and SALES.

Wise men are in on the ground floor. YOU can satisfactorily handle Truehedge for Progress and for profit.

TRUEHEDGE COLUMNBERRY

Propagation Rights Reserved

The Truehedge Columnberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift, or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from The Cole Nursery Company. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement. For resale at Retail only except under license from The Cole Nursery Company.

The above conditions also apply to Rose Blaze, The New Dawn, Countess Vandal, and all other patented plants which we sell.

ROOT PRUNING AND SPACING

Cole's Shade Trees have been kept properly spaced to develop normal symmetrical tops. They have been root-pruned or transplanted.

Do not confuse them with neglected, crowded, diseased trees which are offered in abundance by some after these years of depression.

Deciduous Shrubs

The size immediately following the description indicates approximate height at maturity.

ROOT-PRUNING

During these lean years one has been apt to neglect many important duties. Root-pruning of Evergreens is most necessary yet not immediately apparent if neglected.

Cole has a regular schedule for Root-pruning—In fact, even in the year 1934 when so little work of this nature was generally accomplished, we Root-pruned over 100,000 of our Evergreens.

The late Mr. Ernest H. (Chinese) Wilson of Arnold Arboretum (One of Amercia's greatest and most beloved Plantsmen) said to us—

“Your CHINESE PINE

is the scarce TRUE variety practically unknown in America. It is one of the very choicest of Pines. I am glad you have such a marvelous planting to distribute to the American public. When better known Chinese Pine will be heavily planted in our country.”

sinensis. *Chinese Pine*—60'. A beautiful

compact growing variety; deep glossy green foliage.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 58 to 62.)

NEW KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decoration and compelling for color effect in the garden

- APOLLO. Bronze, red and gold.
- CERES. Chamoise-yellow and coppery gold.
- DAPHNE. Lovely Daphne-pink.
- DIANNA. Lilac-rose and salmon.
- INNOCENCE. White changing pink; dwarf.
- MARS. Deep amaranthe-red.
- MERCURY. Coppery bronze and red.

Truehedge Columberry

The HEDGE of THE FUTURE!

... See page 2 ...

Hedge Making in thirty Minutes

Truehedge Columnberry . . .

In Our Nursery Row

COMING three year stock, trimmed and photographed in June. This first and only trimming, as you see it here, took exactly thirty minutes.

To accomplish a formal hedge of sprawling Barberry, recurring destructive trimming of fresh tip foliage, exposing ugly bare branches, is required over a period of three to four years. And the trouble has only commenced for the hedge immediately grows ragged and informal and must be sheared about every three weeks at great labor and expense.

TRUEHEDGE ULTIMATELY CHEAPER THAN THUNBERGI

Columnberry saves expense because practically all the trimming required is simple infrequent clipping across the top of the hedge at the desired height.

THE READY-MADE HEDGE

Of inestimable value is the fact that Immediate Effect Hedges are obtained almost from the day Columnberry is planted, and the 9 inch size is just as perfect a spire as the 24 inch size.

Why work and spend and wait three or four years for hedge effect with other hedge types? Truehedge is much cheaper in the long run.

The Sensation of the decade!

Truehedge Columnberry

U. S. Plant Patent No. 110

Truehedge for Extensive Formal and
Semi-Formal Plantings

NO PLANT has such wide range of use as Columnberry. It is an especially welcome acquisition in the north, invaluable as accent plants and in other ways in place of Pyramidal Arborvitae or Boxwood, where those items will not thrive because of conditions of severe weather, unsuitable soil, shade, exposure and other adverse elements. Columnberry has the further advantage of being lower in price, within reach of buyers who have not been able to afford these other varieties. It rapidly attains mature size, an all important characteristic sadly lacking with other items.
